Abstract

Authors are requested to submit an abstract of a **maximum of two pages** (including equations, references and figures) no later than January 15, 2026, to the conference website:

<https://www.icdgogaas2026.com>

The abstract must be written in English. It must contain the full names, addresses and e-mails of the authors. In case of joint authorship, the name of the speaker who will present the paper at the symposium should be underlined. The reference marks can be omitted if all authors are from the same affiliation.

The abstract file uploaded must be in a PDF. If it is prepared in a Word format, the equations can be written in Microsoft Equation Editor using the following sizes: Full 11pt, Subscript/Superscript 7pt, Symbols 16pt and Sub-Symbols 11pt. The Word file can then be converted into a PDF format.

If the figures are included, then the contents of the figures should be explained in its caption. There is no limit on the amount of figures as long as the total length of the paper is within the specified limit. Figures should be centered on the page.
